

June 30, 2014

PRESENT: Philip Bean, Chairman
Mary-Louise Woolsey, Vice-Chairman
Rick Griffin, Selectman
Rusty Bridle, Selectman
Jim Waddell, Selectman
Frederick Welch, Town Manager

7:00 PM Public Meeting

SALUTE TO THE FLAG

I. Public Hearing - RSA 31:95-b,III(a) (05:41)

1. To apply for an Aquatic Resource Mitigation Grant for the Hampton Stormwater and Wetland Management Program in the amount of \$39,570.00.

Michael Morrison from Swamp Incorporated. Mr. Morrison explained that 30% of Hampton's landmass is salt-marsh; this grant is for mitigating malls, highways or anyone that impacts wetlands has to pay a fee to the state; those fees are put into a grant application which are very competitive; provides a vehicle to apply for grants and will allow Hampton to accept grants; first grant application; due August 14, 2014; believes the storm water inflow sites that are flooding would be a logical place to start.

Town Manager Welch commented that we have worked with Mr. Morrison before; the Town has issues particularly Meadow Pond area due to phragmites that are causing significant problems; Cusack Road is to the point where it is almost buried; Mr. Morrison is willing to submit for the grants and work with the town to try and manage the phragmite population; try to reduce it so we can have a pond again; Public Works would also like to do since it contributes to the flooding on the streets and backup of the drainage system in the Town; will benefit if we reduce the phragmite population.

Selectman Woolsey commented: reason we have a problem is DES and some other individuals have allowed building in the marsh; just cutting some phragmites isn't going to solve the problem; we're mopping up after making messes.

Selectman Griffin commented: phragmite problem by Boar's Head is because of the water pipes for the State and the Town, they back up and the road is constantly flooded; phragmites come from fresh water; the phragmites there are very close to properties and if they caught fire homes could burn down.

Mr. Morrison explained the idea of the program is to address all the parties involved and come to a consensus; any work that is going to be done needs to go through the

permitting process with the Wetlands Board; we need to define some of these problems; the storm water has been altered and the way it is running.

Selectman Griffin commented: it is mainly because the Town and the State have not kept up with the sewer system; it is not draining out, it is sitting on the marsh.

Selectman Bridle commented: Years ago, they used to dig the canals out; would it be part of what would be done. Mr. Morrison answered that the ditching goes back to the 20's and 30's to get rid of mosquito breeding; some of the ditches are still working good in the middle of the marsh but along the edges they aren't; the storm water is trying to enter the marsh and leave but the phragmites are filling the ditches, causing more sediment to build up and then the fresh water cannot leave the uplands.

Selectman Bridle asked if part of what they do is to recreate the canals and channels. Mr. Morrison answered: yes and there are a lot of agencies involved; they would have to look at different factors; the big thing is the fresh water running through the marshs.

Selectman Waddell commented: thinks it's a great program; restoring the marsh is very important; what is the Town's responsibility. Mr. Morrison answered: just internally, there is no matching involved with this grant.

Selectman Woolsey commented: should remind DES in casual passing that we wouldn't be in this position if they hadn't done it in the first place.

Selectman Waddell MOVED to apply for an Aquatic Resource Mitigation Grant for the Hampton Stormwater and Wetland Management Program in the amount of \$39,570.00 SECONDED by Selectman Bridle.

VOTE: 5-0-0

Selectman Griffin commented: about a year ago at this time the Army Corp of Engineers came in about fixing the drains and obtained a permit to do it; it was a two-year permit. Town Manager Welch commented: the State is doing nothing with the permit that was issued to them because it's in DOT jurisdiction; they are their drains; the State has made no movement; it involves five or six drains along Route 1A; the Town actually went down and cleaned one out because it was so dangerous.

Selectman Woolsey MOVED to close the Public Hearing at 7:11pm SECONDED by Selectman Bridle.

VOTE: 5-0-0

II. Appointments (24:00)

1. Ed Tinker, Chief Assessor
 - a. 2013 Abatement Approvals

Mr. Tinker presented one abatement comprising three abutting properties; there is one abatement remaining, he is in contact with the expert on that property and should be ready by the next meeting or two; this abatement he is presenting for refund would total \$2,745.29.

Selectman Woolsey MOVED to approve the 2013 Abatements totaling \$2,745.29 SECONDED by Selectman Bridle.

VOTE: 5-0-0

Selectman Woolsey commented: the Department is lacking a second data collector; the records were kept in paper files; the Town was very slow to get them computerized; there is a gap in the records; would like to discuss restoring the second data collector position.

2. Kristi Pulliam, Finance Director (28:12)
 - a. Monthly Financials

Ms. Pulliam presented the Income and Expense Statements for the month ending May 31, 2014; it's the fifth report of 2014 so the expenditure target is 41.7%; the month's total income was \$674.1k; motor vehicles came in at \$326k which is \$104k above the monthly budget; it puts motor vehicles \$132k above budget plus 4.97% year to date; the other major contribution to the months total were Building permits @ \$15.9k, Parking Lots @ \$11.4k, Franchise fees @ \$54.4k, Interest on taxes @ \$41.2k, Departmental Income @ \$57.4k, HealthTrust refund of Medical & Dental Insurance from 2011-2012 @ \$121.8k, Real Estate Trust @ \$45.5k; at the end of May the expense summary for the operating departments, without debt service but with open POs, were 39.9% of the budget, which is lower by \$411k than the month's 41.7% target; the majority of the departments are below the target level and don't have any major issues; Finance's postage account is at 50.87% spent, a result of first half tax bills going out in May; in Personnel Administration, the annual bank buy-back program when combined with employee separation costs account are \$109k over their YTD target, the two accounts are the reason the overall group is 1.41% higher than desired, the gap has closed a little from last month's report of 3.3%; Municipal Insurance, health insurance is on target at 41.72%; the Police Department is at 35.3% overall when the open POs are included, two accounts in Support Services, P/T Special Officers and Summer Coverage-FT have a combined budget of \$395k and with only \$30.5k spent to date accounts for \$134k of the department's favorable variance; the Fire Department is at 39.8% overall when the open POs are included, the four Fire Suppression OT accounts, OT wages through vacation, are at 33% of the annual budget but will shrink as we go through the summer season; highways and streets is over target by 2.4%; municipal sanitation continues to run slightly below target; Patriotic purposes is over target by 35.7% which is related to the purchase of grave markers and flags for Memorial Day; the majority of the social services have received their requested funds, the costs for the second of nine months relating to the CBAs were booked.

Selectman Woolsey asked if there is a line item for the wastewater treatment plant buy-in fees; would like to see it segregated out; public should see what revenue is being derived. Ms. Pulliam commented that we have taken in money and it's sitting in deferred revenue; according to the rules and regulations, it is to be set up as a special fund through the Treasurer; funds will come through the Finance Office and kept track of the impact fees.

Selectman Woolsey asked if we need to create a warrant article for next March. Town Manager Welch answered that it is a permanent fund and that the amounts will be in the monthly financials in the future. Ms. Pulliam also commented that it is being tracked in her office and it is balanced with Public Works.

Selectman Griffin asked when will there be a discussion on the expected new revenues coming in for the next year or two years. Town Manager Welch explained Ms. Pulliam is getting acclimated with her new job; needs to work with the Treasurer on some funds; want to get all the accounts set up and then come back.

Selectman Waddle commented that he agrees with Selectman Griffin; as long as there are no problems blaring, then we are going smoothly.

b. Possible re-financing of Older Bonds (37:04)

Ms. Pulliam explained that the bid were due last Friday; had four bidders; working with Century to firm up and go through their process; bids came in better than expected; on the ten year with Century the estimates given we are looking at a savings of over \$400,000; the payments will end in 2024 instead of 2028; the backup plan is with SunTrust which is a 15 year; the percentage saving was 7.2% or \$381,000.

Selectman Woolsey stated that she is assuming that none of them are SRFs. Ms. Pulliam answered that two of them are bonds and two of them are loans through Provident; one is a 2004 bond, a 2005 bond, a 2007 loan and a 2008 loan.

Selectman Woolsey requested Ms. Pulliam to identify which ones they are on the debt service listing; the state of New Hampshire owes us around two million dollars for SRF projects that are completed.

3. Carl McMorran & John Walsh, Aquarion Water Company (42:33)

a. Water Company Operations and Capital Projects

Mr. McMorran stated: the chart showing production for the year; average pump 1.5 million gallons through the first quarter; average for June is 2.7 million gallons per day; WICA the 1.4% service charge was approved to offset projects from last year; have not billed customers yet because of the tax credit; estimated if they did the projects proposed for this year it would come to a 1-1.3% increase implemented next January; the tax credit which is due to change IRS regulations which ends up being a lower expense; totals almost 4% because it goes back a couple years; roll all of them together next January in the WICA which should be a 1.3-1.6% decrease next January; the Ocean Boulevard project came in a lot lower; because it came in under they decided to fix the end of Winnacunnet Road with the old pipe there; Great Boar's Head is on the list to update the old mains to avoid breaks; WICA eligible projects include hydrant and hydrant services; had the rain barrel program again this year; sold 17-18 through direct sales.

Selectman Woolsey commented: do they keep track the number of gallons of water used at fire scenes; that water is not charged; what we are saving there. Mr. McMorran answered that the fire Department gives a figure each month; it's an estimate at best.

Selectman Woolsey asked about the program to replace the meters at the seasonal properties at the beach; how did that go. Mr. McMorran explained that they have to take them out every year and test them; put radio meters in so they could be read and billed every month; in the past there could be a slow leak and they wouldn't get a bill until the end of the year for a large volume; less waste.

Selectman Woolsey asked what the condition of the line on Ocean Boulevard is. Mr. McMorran answered that it varied; some lines on the inside looked good; some lines were in a corroded stated; it was a priority as it had three breaks.

Selectman Bridle commented that there are two lines that go down Ocean Boulevard; asked what the shape of the other line is. Mr. McMorran answered: the other line is newer and is

an iron pipe; no problems with it; there were no services off the line replaced; it was basically a transmission line.

Selectman Bridle asked if there were any thoughts of expansion west of 95. Mr. McMorran answered if requests are put in for more services, they'll do it; can support it if it comes.

Selectman Waddell asked in regards to the technology on Ocean Boulevard did they blast the pipe. Mr. McMorran answered that they ran a series of steel rods with a cutting tool; it shatters it down through and then you can run a new pipe.

Chairman Bean commented that it was a great job on the project done at the end of Winnacunnet Road and Ocean Boulevard.

4. Donna Hepp, Tri-State Seacoast Century Weekend (56:57)

a. Granite State Wheelman 41st Annual Bike Ride – September 20-21, 2014

Ms. Hepp stated: expect 1400 recreational bicyclists riding; it is a bicycle ride and not a race; traffic is not stopped for the event; start at Hampton Beach State Park Pavilion; go along Route 1A in Hampton; along the route they use local police detail at key intersections and bridges; last year there was a tragic accident with two cyclists killed; safety measures were in place; it was an unlicensed driver under the influence of drugs; bicyclists were riding single file on the opposite side of the bridge; cyclists ask it not be stopped because of the tragic accident.

Deputy Chief Sawyer commented: after the tragedy people tried to point fingers; the tragedy happened because of an impaired driver; it wasn't because there was an event in town; made a suggestion to add ride marshals; they have agreed to do that at the Police Department's suggestion to make it even safer.

5. Brian McCain, Cable Access TV (1:02:54)

a. Replacement Hard Drives for the Drobo

Mr. McCain explained the need for the hard drives; have two Drobos that store all the meetings; they each carry 8 hard drives; have a lifespan for 3 years.

Mr. Paquette commented that they are failing tests now; tests it each day; need to swap them out; if not we are looking at losing 4.5TB of data.

Board members stated that they were in favor of this request.

Chairman Bean asked about cost. Mr. Paquette answered it is a total of ten drives; \$159.99 a drive; a total of \$1,599.99. Mr. McCain commented: it was the lowest bid; had other bids come in at \$2,400.00 and \$1,750.00.

Chairman Bean asked if this falls under the purchase policy. Mr. Paquette answered that it does not fall under the purchase policy; it has to come in front of the Board.

Selectman Woolsey MOVED to APPROVE the Replacement Hard Drives for the Drobo for Cable Access TV SECONDED by Selectman Bridle.

VOTE: 5-0-0

Selectman Bridle spoke about the suggestion that a monitor to be put at the Town Clerk's window that runs channel 22. Mr. Paquette commented that it landed on his desk this morning; he has begun working on it already.

III. Public Comment Period (17:50)

Diane Bushe, Abba Taxi, commented: has operated a taxi business in Town since 2002; was licensed until 2010 then insurance regulations changed and went up to one million dollars; a quote received to insure two vehicles for one million dollars costs \$17,200; licensed in the town of Seabrook with two vehicles costing \$7,200; wants the Board to consider one of two things; either lowering the amount of insurance required or waive the ruling under the town ordinance chapter 448; provide a service to many people in the Town of Hampton; works closely with the welfare department.

IV. Announcements and Community Calendar (21:16)

Selectman Woolsey would like to send best wishes and respect to Ryan Pitts of Nashua; he's going to be the ninth Medal of Honor winner from Iraq/Afghan wars; congrats to Ellen and David Goethel and the twelve year old from Rye for trying to make communities better.

Chairman Bean commented that you are not a winner of the medal but a recipient of the medal.

Selectman Bridle gave a thank you to the Fire Department who responding to his mother-in-law and treated her very well.

Selectman Waddell congratulates Hampton Beach on being named one of the super beaches, as well as, being named the best beach in New England.

V. Consent Agenda (1:06:50)

1. RSA 178:21 Restaurant Bev/Wine/ Liquor Licenses & Permission to serve alcohol outside: Goat Bar & Grill LLC, Albert Fleury, 20 L Street; Lilly's Diner, Frank Furtado, 43 Ashworth Avenue
2. Hampton Cemetery Deed – Estate of Fred Schaake
3. Parade and Public Gathering License: Children's Festival Parade – August 11, 2014
4. License for Coin Operated Amusement Devices: Best Western, Sunny Limbachia, 815 Lafayette Road; Funarama In., Jeffrey Gray, Casino Bldg. at F Street; D. M. Sales, Donald Brust, 225 Ocean Blvd
5. Use of Town Property: Lions Club Yard Sale August 16, 2014; Fox Racing – Use of the "Veterans of the Korean Conflict" Parking Lot for parking for Promotion of Athletes Autographs July 8, 2014

Selectman Woolsey commented: Lions Club Yard Sale may be a multi-town event; should be charging them a permit fee at least if this is so; would like to see the Goat Bar & Grill LLC pulled until he complies with the rules and regulations of the town; receiving many complaints about one of his other establishments. Town Manager Welch stated that the owner has met all the requirements.

VOTE: 4 -1 (Woolsey)-0

VI. Approval of Minutes (1:10:39)

1. June 16, 2014

Selectman Woolsey MOVED to ADOPT the June 16, 2014 minutes SECONDED by Selectman Waddell.

VOTE: 5-0-0

VII. Town Manager's Report (1:11:02)

1. The Grant from the National Fish and Wildlife Service for the Old Mill Pond Dam Decommissioning was not awarded to the Town of Hampton.
2. A special Thank You to Senator Nancy Stiles for her assistance in obtaining the contact information for DRED at Hampton Beach.
3. Beach activities are on the State list of Special Use Permits for the month of July 2014: Volley Ball Tournament July 12th; Miss Hampton Beach July 25th; Little Miss Hampton Beach July 26th.
4. Vacancies on Town Committees, Boards, and Commissions are listed on the Town Website: Energy Committee 2 vacancies for 2 years, one vacancy for 3 years; Leased Land Commission, 1 vacancy for 3 years, 1 vacancy for 4 years, and 1 vacancy for 5 years; Recycling Education Committee one vacancy for 1 year. Please contact the Selectmen's Office if you care to volunteer.
5. The crosswalk at 401 Lafayette Road has been painted as directed by the Board.

Town Manager Welch added that the work at the Victory Garden has been completed; will increase from 40 individual gardens to approximately 60 individual gardens.

Selectman Woolsey commented on the five year reevaluation; keep in mind Mr. Tinker's request for another data collector. Town Manager stated that his request was a result of several meetings on the subject.

Selectman Woolsey asked about the Homeland Security letter dated May 22, 2014; what is being done with that; where do we go with this. Town Manager Welch stated it is a normal process we go through every year; it is a uniform process to go through to receive the funds every year.

Selectman Woolsey commented that the request from Hampton totals \$19,769; is it a one-time request. Town Manager Welch answered yes, there is one request annually.

Selectman Woolsey asked about the NHMA Policy Conference; is there going to be a review of it to get a consensus of the Board; important to give feedback. Town Manager stated if the Board would like to do that, it can be arranged.

Selectman Waddell asked in regards to the NHMA Policy, is there one Board member sent. Town Manager answered the objective is to send one member to be there to voice the municipalities concerns on the individual proposals.

VIII. Old Business (1:19:09)

Selectman Woolsey asked if a date and time been set up to meet some Saturday to look over the rolling stock; wants to get it done before the fall.

Selectman Woolsey MOVED to set a date at 9am or 10am on a Saturday before Labor Day. Chairman Bean stated the motion failed due to a lack of a second.

Selectman Woolsey commented on the capital improvement review that will hopefully be set up; talked about the Church Street Pump Station; received an email suggesting beach cleanup. Town Manager Welch had forwarded the email to the State; he received a response stating they are constantly reviewing the contracted beach cleaning work.

Chairman Bean commented that we are talking about State owned property.

Selectman Woolsey wants the Board to send a request for DRED to come down for a meeting; they need a carry-in carry-out policy; need enforcement; insulting to our community, the State makes a lot of money from this Beach.

Selectman Waddell responded that in the morning the Beach looks decent; during the day, yes, people don't take care of their litter; it is not disgusting, and it is still a beautiful beach; enforcement is tough.

Selectman Woolsey commented in regards to the Air National Guard Beddown; do we have any say. Town Manager Welch noted that Pease has already been selected for the aircraft.

Selectman Griffin commented, in regards to the Abba Taxi issue, when did the insurance raise to one million dollars. Town Manager Welch answered: Town Meeting raised the insurance to one million dollars two years ago; had a lower threshold before; liability runs to the Town; we are the only ones adequately protected according to the insurance people.

Selectman Griffin asked what is it about, the issue of not being allowed to pick up in Hampton. Town Manager Welch answered if a Taxi does not have a license to operate in Hampton, you cannot pick up here; cannot pick up and drop off within Hampton; it is a state law, they need to be licensed.

Selectman Griffin asked what is Town Manager Welch's advice to Ms. Bushe. Town Manager Welch answered in order to lower the dollar value in regards to insurance; it needs to be a petition article, it is a Town meeting action.

Selectman Griffin commented that the Beach looks good in the morning; the State is not raking as well as in the past, for instance he notice that the rack machine actually raked around a chair that was left and its debris, the carry-in and carry-out does not work at most beaches; cigarette butts are a problem everywhere at the beach, including in front of his property; heard that the State doesn't want to come because there are three people on this Board that are viewed as hostile.

Selectman Bridle commented that the trash at the Beach is definitely worse at night than in the am; would suggest that if a business sees a trash can outside their business is getting full, take the bag out and put it next to the trash can; the State is coming around as fast as they can; also, also noted that the Board did not vote on the Tri-State Seacoast Century race.

Selectman Bridle MOVED to APPROVE Tri-State Seacoast Century Weekend/Granite State Wheelman 41st Annual Bike Ride to obtain a permit subject to approvals of Department Heads and Board Member information SECONDED by Selectman Woolsey.

VOTE: 5-0-0

Selectman Waddell spoke about the need to educate and try to do carry-in and carry-out more; Mr. Wilson is very cooperative; there are enough handicapped parking spaces and they

are all marked; went in to a store at the beach and told them the t-shirt were disgusting; moved them in the back of the store.

Selectman Woolsey commented that the Board needs to be careful with the taxicab insurance requirements, as these taxis travel to Massachusetts.

Chairman Bean commented that meetings have been scheduled in the past; it is up to the Board to decide when the meeting should occur; suggests a couple Board members meet with Town Manager Welch, and the State.

Selectman Griffin commented that he would be willing to go with Selectman Woolsey; has a history of the past; suggests Nancy Stile.

Selectman Woolsey MOVED to invite Commissioner Bryce and his staff to come and meet with the Board of Selectman in public. Motion was not seconded.

Chairman Bean asked if Selectman Woolsey is interested in meeting with Selectman Griffin, Director Bryce, and the Town Manager Welch.

Selectman Woolsey stated she thinks it needs to be a public meeting and is not interested if it is not.

Selectman Waddell suggested appointing two members of the Board to meet with the State.

Selectman Griffin commented that he wants to work within the guidelines of the State; State will only meet with two people, and untelevised.

Chairman Bean commented that they are not going reach common ground on this matter.

IX. New Business (1:52:26)

1. Change Order for Tuck Field Three-Bay Garage
 - a. Amount \$2,790.00

Town Manager Welch explained that the contractor selected for the work in reviewing it required a lift to insure the lumber installed did not end up under water or snow; approved them to install the masonry there and anchoring it into the existing foundation; the cost to do it is \$2,790; there are sufficient funds in the account to do that.

Chairman Bean asked Mr. Welch to shed some light into the purchasing policy in regards to how it is affected by it. Town Manager Welch said it is not affected; it was a bid that was awarded by the Board; it is a change item to the bid; any change items need to come to the Board for approval.

Selectman Woolsey asked if the Town Manager Welch comfortable with it. Town Manager Welch answered that he is; he went and looked at it; it is secure and will prevent the building from further damage once it has finished.

Selectman Bridle MOVED to APPROVE the Change Order for Tuck Field Three-Bay Garage in the Amount \$2,790.00 SECONDED by Selectman Waddell.

VOTE: 5-0-0

2. 2014 Dog Warrant (1:54:27)

Town Manager Welch explained that according to the statute RSA 466:13, the Board is required to issue a dog warrant before the end of June each year in accordance to the warrant the list given by the Town Clerk for those who have failed to license their dog.

Selectman Bridle commented if you have to get your dog registered; get it registered, please.

Selectman Woolsey MOVED to approve the issuance of the 2014 Dog Warrant under RSA 466:14 and direct the Police Chief to issue a Civil Forfeiture for each of the unlicensed dogs on the list SECONDED by Selectman Bridle.

VOTE: 5-0-0

3. Vote to accept and acquire the 5.107 acre parcel Map/Lot 96/2D-11 Great Gate Drive (1:55:40)

Town Manager Welch explained that the Board has held two public hearings on this acquisition and acceptance; required to be given to the Town free of charge; we have a deed, it is the result of a subdivision approved by the Planning Board.

Selectman Woolsey asked about the stipulation for acquiring this property. Town Manager Welch commented that this will be Town property, and if accepted, the Board can make an agreement with the Conservation Commission for management.

Selectman MOVED to ACCEPT and acquire the 5.107 acre parcel Map/Lot 96/2D-11 Great Gate Drive and arrange a meeting with the Conservation Commission to get their concurrence in managing that property SECONDED by Selectman Bridle.

VOTE: 5-0-0

4. Vote to Waiver "Purchasing Policy Section 714.B.3 Award of Bids or Professional Proposals" for the Software Support Agreement with Tri-Tech Solutions – Police Dept. (1:57:25)

Town Manager Welch stated: have a computer system that requires annual maintenance; it is a single source agreement; it's a \$14,000 cost; recommendation from the Chief of Police and Town Manager Welch is the Board approve this.

Selectman Woolsey MOVED to APPROVE the Waiver "Purchasing Policy Section 714.B.3 Award of Bids or Professional Proposals" for the Software Support Agreement with Tri-Tech Solutions SECONDED by Selectman Waddell.

VOTE: 5-0-0

5. Use and Protection of Twelve Shares Property (1:58:31)

Selectman Woolsey explained that she asked this to be put on the warrant; it's public property; it's being misused in some aspects; need to start cracking down; there is a leash law in town; there has been cutting down of trees; individuals have no right to use anything for their personal use; need consistent signage letting people know the rules of the property especially during hunting season; the old graveyard needs to be identified; dispense with the target shooting; like to discuss posting of signs during hunting season; making forward strides in protecting that property.

Selectman Bridle commented that he has no problem posting signs; but people need to take on their own responsibility; anytime you can educate the public is fine.

Note: Draft minutes are subject to corrections, additions and deletions.

Selectman Waddell commented the signage needs to be in the entry and small.

Selectman Griffin asked in regards to the taxis, how many licensed taxis do we have in town, and who it is. Town Manager Welch answered we have one; used to have three or four, and that Welfare is the only department that has used the taxi service for travel outside Hampton.

X. Entertainment License Under Review (2:03:13)

1. McGuirk's Ocean View

XI. Closing Comments (2:05:16)

Selectman Woolsey spoke about how it took three tractor-trailer loads to get the mess cleaned up from the beach rakings at Public Works; there needs to be a better way than to inflict it on the Town.

XII. Adjournment of Public Meeting (2:06:09)

Selectman Bridle MOVED to ADJOURN the Public Meeting at 8:59PM SECONDED by Selectman Waddell.

VOTE: 5-0-0

Chairman
